03. STAKEHOLDERS

SITE LOCATED STAKEHOLDER FOR CO-OPS

Cooperative businesses are typically more economically resilient than many other forms of enterprise, with twice the number of co-operatives (80%) surviving their first five years compared with other business ownership models (41%). Cooperatives frequently have social goals which they aim to accomplish by investing a proportion of trading profits back into their communities. Cooperatives frequently have social goals which they aim to accomplish by investing a proportion of trading profits back into their communities.
